Background:

Onuris was once a loyal follower and warmaster of the Goa'uld System Lord Ra and even fetched Hathor back to him when she fled.

Hathor took the Ha'tak mothership "Ra's Eye" and under her command, it wiped out an entire race (the people of Ombos) to earn her reputation. Because they were rebelling, Hathor was used by Ra as a weapon of vengeance.

As the champion of the System Lords, he hunted and slew the enemies of Ra. Onuris was one of the mightiest Goa'ulds on Chulak who was not a System Lord.

Onuris was with Ra when he discovered Earth and what useful hosts the humans would make. Ra brought humans to many worlds, enslaving some and making others hosts, like on Abydos, to mine valuable commodities for the advancement of the Goa'uld.

He was once a highly trained ashvak, hunter and warrior. In combat Onuris prefers to use a Goa'uld staff weapon, though he will use a kara kesh or any other weapon. While leading Ra's soldiers in battle he would often wear Jaffa armor and a Horus Guard helm.

He has been trapped in stasis by an unknown alien species for a few centuries, the planet is now deserted and there is no clue as to what happened to the population.

Onuris' time in the alien stasis device seems to have released him from the more malevolent aspects of being a Goa'uld, though it has also affected his memory, knowledge and skills that he once possessed. While in stasis Onuris has come to terms with his host body and now the two share a symbiotic relationship, though Onuris is usually still more dominant and Shu takes a more passive roll.

While working with the SGA he has the rank of technical sergeant.
