

Weapons D6 / Shaped Charge 39

Shaped Charge 39

Shaped charges are specialized explosives that blow into a tank's surface and inflict maximum damage on internal components of the vehicle. The Shaped Charge 39 is used by both Imperial StormElite and Imperial Army anti-tankers.

The only problem with shaped charges is the need for infantry to run up to enemy tanks and attach the charge, leaving them vulnerable to enemy tank-support troops and snipers.

Model: Quavar Magnetic Shaped Charge, Model 39

Type: Hollow-charged anti-tank mine

Scale: Character

Cost: Not available for sale

Availability: 2, X

Blast Radius: Concentrated

Damage: 6D+2 (speeder-scale)

Game Notes: Magnetized: The Shaped Charge 39's explosive surface is magnetic and adheres to the metal surfaces of tanks and other vehicles when activated.

Detonators: Shaped Charge 39s can be fitted with either a remote-command detonator or a variable-setting time detonator.
