Droids D6 / Temere Corporation Gattaca

Temere Corporation Gattaca Class Androids

Temere Corporatio's Gattaca Class Androids are based off the old Human Replica Droid concept. Sensor fooling bio-circutry

makes them scan up as humans, while their exterior looks and feels just like any human. Advanced cybernetics and comptuer

processing incoporated with bio-technology has created these droids which appear as humans with icnredible speed, agility,

and strength. The secrative Temere Corporaiton's intentions for the androids is as yet unknown but something sinister is suspected.
