

Sardaukar

These fanatical warriors are the most feared force in the known galaxy. They provide the Emperor with a death corps, a group of men who are more fierce even than stormtroopers, but who also have a brain and can make use of it during combat, instead of mindlessly following orders. Raised by the Emperor's hand-picked training staff of the prison planet of Salusa Secundus, they're indoctrinated to believe that the prison planet was created to produce superior beings such as themselves. Trained to exacting standards, the Sardaukar are an incredibly strong fighting force. They are raised to the mastery of the Ginaz tenth level in melee combat, and acquire extensive training in blasters and all forms of projectile weaponry.
