Description: Imperial Special Forces troopers were highly trained soldiers of the Galactic Empire who specialized in infiltration, extraction, and combat in various types of environments and served within the Imperial Special Forces. One such unit was Inferno Squad.

### *History*

Trained in infiltration, extraction, and combat in any type of environment, special forces troopers are tasked with the completion of specialized stealth missions such as retrieving vital intelligence, sabotage on key targets, or burying Imperial secrets through assassination.

Inferno Squad was a notable example of one such unit. They became a recognized unit through their notorious, unconventional tactics.

### *Equipment*

They were adept in a wide array of weaponry, but usually armed themselves with an E-11 blaster rifle, DLT-19x targeting blaster, or a T-21 light repeating blaster.
