Type: Melee Weapon

Scale: Character

Skill: Lightsaber; Umbrella Lightsaber

Cost: Unavailable for sale

Availability: 4, X

Difficulty: Very Difficult (+1D to Attack or Parry skill rolls)

Damage: 5D

Description: The umbrella lightsaber was a lightsaber shaped like an umbrella. It was held by the central pole, and eight smaller lightsabers were attached to the top. These smaller lightsabers extended outward when the device was activated. The lightsaber's shaft also contained a more typical lightsaber within that could be detached. A female human Sith Bandit Leader used the umbrella lightsaber in combat. The umbrella lightsaber was destroyed in a duel with Ronin.
