Description: Tuck Hybecks was a human from the planet Galdi. In 5 BBY, they were charged in court by the Galactic Empire on the planet Niamos. Afterwards, the individual joined a queue of convicts being led

to Imperial transports, which would take them to penal facilities. A shoretrooper processing the queue asked for Hybecks' name and home planet. After Hybecks answered accordingly, they were directed to a transport about to take them to Belsavis, a celestial body in the Mid Rim's Senex-Juvex sectors, where they would serve their sentence. The human had light skin and black hair, sporting a tea green jacket with dark features on the front.
