

Name: Netcaster  
 Designation: Semi-sentient  
 Classification: Arachnid  
 Skin color: Yellow  
 Eye color: Black  
 Distinctions: 3 pairs of eyes  
 Homeworld: Kashyyyk  
 Habitat: Forests

Dexterity: 3D+1  
 Perception: 3D  
 Strength: 4D+1

## Special Abilities

**Infra Red Sense:** Netcasters have no eyes but can sense heat, effectively giving them infra red vision over a short range.

**Venomous Sting:** Netcasters have a poisonous bite which does 6D damage if it manages to breach the victims skin (any successful hit which manages to overcome any armour).

**Web:** Netcasters can weave a type of silk from their abdomen, which can be used to entrap prey for later consumption, this silk has a strength equal to the Netcasters strength.

Move: 11

**Description:** The netcasters were creatures that could be found in the deep forests of Kashyyyk. They were intelligent, being able to sense whether an intruder in their territory was a threat or not which would affect their reaction to them. Hostile trespassers would be attacked enveloped in webs and lifted to the trees where netcasters lived; peaceful passersby would be allowed passage unharmed.
