Description: The Star-Bus is an older design of space transport from the massive Loronar Corporation, and although it was never as big a seller as the YT series of freighter the Star-Bus sold in moderate quantities, and still continues to be marketed today. The Star-Bus is a fast armed ships, which has seen modification into a troop transport by many planetary militia forces, and several saw service with the Rebellion and were found to be reliable ships which saved many lives in evacuations and troop drops.
