Description: Bravo was a human male that served as the pilot of the Stinger Mantis crew during the Imperial Era. He also served as a soldier and fought alongside Saw Gerrera.

Biography

During their time together, Bravo and Jedi Knight Cal Kestis ran many successful missions together in their struggle against the Galactic Empire.

Bravo assisted Kestis and the Stinger Mantis crew to infiltrate Level 2046 on Coruscant to steal classified Imperial information aboard the yacht of Senator Daho Sejan. After capturing the Pau'an senator, the team tried to escape Coruscant, but were intercepted by the Ninth Sister of the Inquisitorius, who executed the senator for harboring Kestis. The crew's slicer Gabs, along with the Klatooinian twins Koob and Lizz, were killed during the ensuing chaos.

After Kestis bested the Ninth Sister, he reunited with Bode Akuna and Bravo. Together, they planned to escape Coruscant using Z-95 Headhunters and the Mantis, split up, and later rendezvous using locator beacons. Bravo, however, was shot down by TIE Fighters during the escape, and the Mantis received damage to its gyro systems.

Personality and traits

Bravo was a trusted ally of Kestis during their crusade against the Empire. Kestis considered him to be a close friend and kept a photograph of Bravo, alongside himself, Gabs, Koob, and Lizz onboard the Mantis.
