Description: Beetu Deetu was a B2-HA super battle droid who was modified by several Bedlam Raiders. The droid's processes were overclocked which resulted in the droid's attacks being faster and more aggressive. Beetu Deetu was sent after the Jedi Knight Cal Kestis in 9 BBY after Kestis escaped the Raiders' base, the sunken core ship Primacy, and a HMP droid gunship deployed a

pod with Beetu Deetu to ambush Kestis, though the Jedi defeated the battle droid.
