Description: Cassius tea was a type of tea made from the florets of a cassius tree. Mandalorian individuals, including members of Death Watch such as Pre Vizsla, were known to drink the tea. In 19 BBY, Vizsla blended the tea during a meeting with the former Sith Lord Maul to discuss a takeover of the planet Mandalore, and told him that the tea brought good health. Between 17 BBY and around 13 BBY, Maul blended the tea when conversing with the former Jedi Padawan Devon Izara in the Shadow Collective safe house on the planet Janix.

Oga's Cantina in Black Spire Outpost on the Outer Rim planet Batuu imported the tea from Mandalore. In his Traveler's Guide to Batuu, author and galactic explorer Eloc Throno noted the belief about the tea's health benefits.
