Story Factors:
Reputation: Rodians are notorious for their tenacity and their eagerness to kill intelligent beings for the sake of a few credits. Certain factions of galactic civilization (most notably criminal organizations, authoritarian/dictatorial planetary governments and the Empire) find Rodians to be indispensable employees, despite the fact that they are almost universally distrusted by other species. Whenever an unfamiliar Rodian is encountered, most other beings assume that it is involved in a hunt, and give the alien a wide berth.

Description: Aro was a Rodian who worked for the Devaronian criminal Coir Cion on the moon of Dawk during the Republic Era. Between around 40 BBY and 32 BBY, when the Sith apprentice Darth Maul arrived on the moon to kill Cion, Aro led a group to confront him. Maul defeated the other forces, and Aro surrendered, offering to lead Maul to Cion. However, learning that Cion had ordered Aro to bring him the intruder's head, Maul instead cut off the Rodian's head and delivered it to the Devaronian in the Korts Cantina before killing Cion and his associates.
