Due to the shape of this blaster, non-Unzer can only fire one barrel at a time unless using both hands. With both hands, the character suffers a -1D penalty unless he has a specialization in it. This is a line of Blaster Pistols designed with the Unzer's unique hand formation in mind, looking much like two regular blaster pistols joined at the hilt. There are two separate triggers, although they may be tied together electrically to allow non-Unzer to use them paying an additional 50 credits, or by making the modifications yourself with a Moderate Blaster Repair roll.
