

VerdanTech Uz-8 Repeater

The Urban Zone 8 light repeater is one of Verdant Technologies weapons that got a bad name. The weapon was deisgned to be

a trench and bunker sweeper for the Empire. It used a circular powerpack that could cahrge up over twice as many shots as

a regular rifle. The weapons was short and easy to handle and sweep about. However the Empire didn't like the weapon but

gangsters did. Gangsters boguht the weapons in large quantaties because the weapon had great stopping power and could be

concealed under a long coat. The weapon became infamous as a gang warfare weapon, and many times in gang ifnested areas

speeders would drive by while a person elaned out a window and fired an Uz-8 at a group of people.

These 'drive by

shootings' became typical gang tactics.

Model: Verdant Technologies Uz-8 Light Repeating Blaster

Type: Urban Zone Repeater Blaster

Scale: Character Skill: Blaster: Uz-8

Ammo: 250

Cost: 2500 credits Availability: 2, X

Fire Rate: 5

Range: 3-50/350/550

Damage: 5D+2

Game Notes: On constant fire mode, when a target is hit by an Uz-8 shot,

roll one die. If the roll is 1-4, roll normal damage. If the roll is 5-6, damage is x2 (because of the intense rate of fire, the character is likely to be hit by more than one blast bolt).

(constant fire mode fires 25 shots per round)

The firer may chose to concentrate all fire on one target instead of sweeping while on constant fire. The difficulty for the shot then gets a +10 modifer on it however if the 'shot' hits, then it does 11D+1 damage instead of 5D+2.
