

Weapons D6 / Vibrocutlass

Vibrocutlass

The vibrocutlass is a pleasant alternative to the vibrorapier and the vibrosword. It is a few centimeters shorter than the average vibrosword but offers only a single sharpened edge. It is stereotypically associated with pirates and common space scum, but in reality, only a handful of pirates wield vibroweapons other than a simple vibrodagger or vibroshiv, let alone a vibrocutlass.
