

# Weapons D6 / Xzeri Labor Corporation

## Chainsaw

Chainsaws are an older tool used mainly for personal purposes, usually the cutting down of various plants. However, there are those odd individuals in the galaxy that would turn such a tool into a devastating, and messy, weapon. Chainsaws are moderately sized, featuring a half meter long extension that rotates a razor sharp cutting chain at a high speed. When used against someone as a weapon, the effects can be devastatingly gruesome.

Corellia once had a problem with a serial killer that lurked around in various cities all over the planet, killing and dismembering 52 victims before finally being shot to death by CoreSec personnel.
