

VerdanTech Ion Repeater

The VerdanTech Repeation Ion blaster was tried after the Repeating Stun Blaster failed horribly. The Ion blaster met with a simialir fate. The weapon had too few shots, had an unimpressive stopping power, and worst of all had a tendancy to explode and kill the eprson using it. Verdant tried to cut the price of the weapon, from five thousand credits. It was cut twic,e dropping it to three and a half grnade, but very few people bought the weapon. The series was finally discontinued five months after production.
