

Vehicles D6 / Ubrikkian 5000 Racer

Ubrikkian 5000 Racer

The Ubrikkian 5000 racer is typical of many racing speeders throughout the galaxy. It features highly powerful repulsorlift drives with four ion drive afterburners to provide quick boosts of speed. The 5000 is light weight, maneuverable, but fragile, the slightest error by the driver at such high speeds often results in a tragic ending.

Model: Ubrikkian 5000 Racer

Type: Professional light weight racing speeder

Scale: Speeder

Length: 3.41 meters

Skill: Repulsorlift operation: racing speeder
