## Vehicles D20 / Ubrikkian Serpent Assau

## Serpent Assault Boat

The serpent assault boat is a water based speeder meant for fast deployment of troops in water rich environments such as water worlds like Calamari. The front cockpit sits over the sharp curving bow encased in durasteel and transparisteel protecting the pilots. The troop area is a small sunken in area with a stairway leading up to the sides of the craft where loading ramps sit. Up along the raised aft sits a swinging repeating anti-vehicle blaster manned by two men for firing on enemy watercraft.
