Space: 8
Hull: 4D+2
Sensors:
- Passive: 15/1D
- Scan: 40/2D
- Search: 90/3D
- Focus: 3/4D

The Minbari Flyer is a small ship used by Minbari diplomats, couriers, and other important minbari. It only has room for one pilot, plus some cargo. Unlike theMinbari Fighter, the Flyer only has two wings, and it is also slightly larger. There does not seem to be any artificial gravity on board. The Flyer also appears not to be armed.
