Characters D6 / Bulligh Lac (Corrupt Sal

Bulligh Lac
Type: Corrupt Sabaac Dealer
Height: 1.75m
Age: 31
Physical Description: Bulligh has a long, narrow face, and features that are exceedingly angular. He has jet black hair, dark eyes, and a slim build. When he's on duty he wears an expensive tailored tuxedo, and on his time off he likes to dress in equally tasteful clothes. When he is working he also wears a virtually invisibleear piece that allows his pit boss to contact him with potentially important information about the players he is faced with.
Background: Bulligh has spent much of his life working in casinos, and for most of that time he dabbled in cheating in order to make a little extra money on the side. Bulligh was very lucky in his choice of friends. A frequent gambler named Hemov became a close associate of his. At the time Bulligh didn't know that Hemov was connected to the Nestor crime syndicate. It was on Hemov's recommendation that Bulligh was hired by the Lucky Despot Casino. When Bulligh was hired, he was taken aside by his new pit boss and informed that he would from now on handle special contacts for the Nestors. Whenever someone who the Nestor syndicate wishes to contact arrives at the casino, they are directed to Bulligh's table. Bulligh recieves instructions through his earpiece on how to fix the game. The exact outcome of the game is a code which gives the contact further instructions. Bulligh never pockets any extra cash for himself anymore, since he is deathly afraid of what the Nestors would do to him if he was discovered doing so, and also since he is paid so well by the syndicate. Bulligh's biggest secret is that he has figured out much of the winning code, and therefore he knows much more about the dealings of the Nestors and their associates than he should.
Objectives: To make money, and to make sure that nobody realizes that he knows too much.
