Vehicles D6 / Eldar Jetbike

Eldar Jetbike
The jetbikes used by the Craftworld Eldar are highly advanced anti-gravity vehicles. They are able to use subtle manipulation of the anti-gravity field to combine high speeds with incredible agility and maneuverability. Jetbikes can climb up buildings using the anti-gravity field.

Eldar jetbikes are commonly armed with a pair of shuriken catapults, although they can be upgraded to carry a single shuriken cannon instead. Riders are normally armed with an additional shuriken pistol, although warriors of the Shining Spears Aspect use a laser lance designed to deliver a laser blast at extremely close range.

Eldar Jetbike
Craft: Craftworld Eldar Jetbike
Type: Jetbike
Scale: Speeder
Length: 3.5m
Skill: Repulsorlift operation: Jet Bike
Crew: 1
Passengers: 0
