Cost: 7,500
Maneuverability: 3D
Move: 210; 600 kmh
Body Strength: 4D
Weapons:
2 Blaster Cannons (fire-linked)
Fire Arc: Front
Skill: Vehicle blasters
Fire Control: 1D
Range: 50-400/1/2 km
Damage: 5D+1

Description: The Praxis Mk. I turbo speeder, more commonly known as the Jedi turbo speeder, was a model of airspeeder used by the Jedi Order in the waning days of the Galactic Republic.

During the Clone Wars, Jedi Master Plo Koon and Padawan Ahsoka Tano used a turbo speeder to travel to the Coruscant Underworld in seeking information on Boba Fett from some of the seedier locals that Jango Fett used to frequent.
