Description: The Braha'tok-class gunship, also known as the Dornean gunship was a model of gunship that saw service with the Alliance to Restore the Republic leading up to and during the

Galactic Civil War.

The Braha'tok-class gunship also called the Dornean gunship, was a type of gunship built in a dagger shape. Although not designed as a carrier, two X-wing starfighters could be attached to its undercarriage.

Three Dornean gunships were part of the General Jan Dodonna's Massassi Group, one of the largest rebel cells against the Galactic Empire. Following the formation of the Alliance to Restore the Republic in 2 BBY, they traveled with Dodonna's fleet to the Phoenix rebel cell's base on Atollon in preparation for an attack on Lothal. However, the fleet was ambushed by the forces of Grand Admiral Thrawn, and all three gunships, including the Orion, were destroyed.

Later, in 0 BBY, Dornean gunships saw action in the Battle of Scarif, the battle that saw the outbreak of the Galactic Civil War, and one gunship, the Apailana's Promise, served as the escort to the CR90 corvette Thunderstrike during its service in the Mid Rim Retreat. Two of these ships appeared with the gathering Alliance Fleet near Sullust, before the Battle of Endor.
