Model: Facial transformation program
Scale: Character
Cost: 23,000 (1 use)
Availability: 2, X
Game Notes: +3D to disguise yourself as a particular target, requires a difficult Medicine roll to operate.

Description: A facial transformation program altered the facial bone and muscle structure of an individual to transform their physical appearance into that of another person.

During the Clone Wars, the Jedi discovered a Separatist plot to kidnap Chancellor Palpatine during a celebration on his home planet of Naboo. Jedi Masters Obi-Wan Kenobi, Yoda and Mace Windu developed a plan to go deep undercover to extract information from the conspirators. To accomplish this, Kenobi faked his own death and in the Jedi Temple medical labs was subjected to a facial transformation program which transformed him into the likeness of the very criminal who supposedly assassinated him, Rako Hardeen.
