Description: Tristan Wren, the brother of Sabine Wren, was a Mandalorian human male. He was the son of Alrich and Ursa Wren, who led Clan Wren. After Sabine deserted the Imperial Academy on Mandalore, Tristan was forced to join Gar Saxon's Super Commandos in order to keep their clan's dignity. In 2 BBY, Tristan reunited with his sister Sabine after she and her rebel companions tried to convince Clan Wren to aid the rebellion. When Gar Saxon ordered the destruction of Clan Wren, Tristan chose his family and joined the rebels and Fenn Rau in defeating Saxon and his warriors.

Tristan later helped Sabine and her rebel allies to evacuate the Phoenix Cell during the Battle of Atollon. He and his family fought against Clan Saxon and the Galactic Empire during the Mandalorian civil war.

Tristan Wren was the son of Alrich Wren, Countess Ursa Wren and the younger brother of Sabine Wren. After Sabine abandoned the Imperial Academy on Mandalore and joined the rebellion, Clan Wren's loyalties to the Empire were called into question. Tristan was forced to join Viceroy Gar Saxon's Imperial Super Commandos in order to prove his family's loyalty to Saxon and the Galactic Empire. His father was also kept a hostage of Saxon on Mandalore to guarantee his family's loyalty. Tristan lived with his mother Ursa on the planet Krownest.

Personality and traits

Tristan Wren was a male Mandalorian youth with black hair and brown eyes. He was a capable but conflicted warrior. While Tristan loved his family, he grappled with his sister Sabine's decision to abandon the Imperial Academy and join the rebellion. Tristan was loyal to Clan Wren and sought to protect his family's interests by serving as an Imperial Super Commando. Despite his Imperial alignment, Tristan remained on good terms with his sister and treated her with respect and love. When Gar Saxon ordered his family's execution, Tristan chose his family and helped them and their rebel allies defeat Saxon and his Commandos.

As a pragmatist, Tristan was sympathetic to the rebels but opined that Clan Wren lacked the resources to render assistance to the rebels at Atollon. He later reconsidered and took part in a successful operation to disable one of Thrawn's Interdictor cruisers, allowing the Phoenix Squadron to escape. Tristan later helped his mother Ursa to command Clan Wren's forces during the civil war against Clan Saxon and the Empire. He was loyal to his family and helped Sabine to destroy the "Duchess", an Imperial energy weapon capable of reacting with Mandalorian armor.

Skills and abilities

Tristan Wren was a capable Mandalorian warrior who's skill included marksmanship, melee combat, and the use of Mandalorian armor and vambraces. Tristan also knew how to operate a jetpack.
