Description: Jolli was the man-hating space pirate who was second-in-command to Crimson Jack as part of his notorious gang of pirates. She was known for her extremely short temper. Han Solo ironically nicknamed her "Miss Sunshine."

Jolli grew up in a criminal environment as her father was a fugitive from the Galactic Empire. While Jolli was still a child, her father abandoned her and her mother on a frontier world because he felt that they were of no use to him and would only slow him down as he ran from the Empire. It was not long after that her mother was killed when an aerial torpedo hit their home, but Jolli survived the explosion. Her experience with her father made her bitter towards all men, and she constantly felt as though she had to prove herself better than any man at anything that she did.
