Description: CB-23 was a BB-series astromech droid with feminine programming who was a member of the Resistance in 34 ABY. She was assigned to Commander Poe Dameron while BB-8 was stationed on the Colossus with Kazuda Xiono. After Dameron took back BB-8 before going on a mission to Jakku, CB-23 replaced him in the mission on the Colossus platform.

CB-23 was a BB-series astromech droid. She was manufactured sometime prior to 34 ABY, by

which time she was a member of the Resistance. After BB-8, Commander Poe Dameron's usual droid, was temporarily stationed to the Colossus platform to keep an eye on newly recruited spy Kazuda Xiono, CB-23 was assigned to Dameron as a replacement.

Characteristics

CB-23 was a BB-series astromech droid with a spherical chassis, feminine programming, and red-blue plating. She was initially jealous of BB-8 but came to appreciate her fellow droid better after he saved her from a marauding Kowakian monkey-lizard. The two subsequently became friends.
