Armor plating (+1D to resist damage)
Smaller Remotes (see below)

Move: 12
Size: 2 metres

Description: The First Order probe droid was a model of probe droid used by the First Order around the time of the attack on Tuanul. One of these probes was on a moon in the Dassal system of the Unknown Regions when Resistance pilots Kazuda Xiono and Poe Dameron investigated the system. The droid could deploy a number of smaller remotes equipped with blasters if it came under attack.

First Order Probe Remotes
