Description: Vargi was a male Wookiee from Kashyyyk who was responsible for the capture and enslavement of many members of his species. When the Galactic Empire began to force Wookiees into slave labor and hired Trandoshans to hunt them down, Vargi left Kashyyyk and allied himself with the hunters in an effort to protect his family and to prevent the wholesale slaughter of his people. He directed the Trandoshans' hunts toward elusive Wookiee communities and provided them with other valuable intelligence; when he returned to his homeworld and told his sister, Mallatobuck, what he had done, she reacted with horror and cast him out of her family. Vargi at one point met Mallatobuck's husband, Chewbacca, and the two developed a mutual dislike of each other.

When the Empire's Wookiee slave trade was shut down in 4 ABY, a Nagai known as Knife plotted to revive it and recruited Vargi into his fold. Vargi sought to enslave every member of Chewbacca's family, and Knife had Mallatobuck; her son, Lumpawarrump; and Chewbacca's father, Attichitcuk; kidnapped. Chewbacca soon returned home from his duties with the Alliance of Free Planets to visit his family, and he too was captured by Vargi, Knife, and their team of Wookiee outlaws. When Chewbacca's Human companion, Han Solo, attempted to free his partner, Vargi began to pummel both of them. Chewbacca only fought back when he discovered that his family had been freed, and he overpowered and defeated Vargi. Other Wookiee captives revolted, and the attempted revival of the Wookiee slave trade was averted.

Personality and traits

When the Galactic Empire began to enslave Wookiees, Vargi believed that Kashyyyk could not hope to resist its oppressor. He accordingly took steps to protect his own family and to prevent wholesale Wookiee slaughter by allying himself with the Trandoshan hunters who were working for the Empire. Vargi directed the Trandoshans' efforts toward specific hidden communities; however, he also gave the hunters intelligence on Wookiee weaknesses and on how to invade Wookiee cities. Although he attempted to justify his actions to his sister, Mallatobuck was horrified and declared that he was no longer her brother. Mallatobuck's husband, Chewbacca, also developed a strong dislike of Vargi.

When the Nagai known as Knife came to Kashyyyk with the intention of reviving the planet's slave trade, Vargi joined in his venture. Having been cast out of his own family by his sister and possessed of a grudge against Chewbacca, Vargi was intent on capturing and enslaving Chewbacca and every member of his family, including Mallatobuck. Vargi was a large Wookiee, standing over 2.28 meters tall and sporting a coat of reddish-brown fur. He was physically strong and was a capable brawler, although he was unable to defeat Chewbacca in unarmed combat.
