Description: Attahox was a world in the Expansion Region near Daalang.

During the Great Sith War, Krath came from Ulda Frav and conquered the planet, from which they moved to Nixor.

An impoverished garbage planet, it was a source of phosovane salts used in painkillers. The planet was controlled by the exalted Torgaigne syndicate. In general, it was used for centuries by criminal gangs as a hideout and cache.

Places
Hellhoop
The Hellhoop was a mysterious area of space in the Expansion Region, near the planet Attahox. Ringed by an asteroid belt, the Hellhoop was said to have an evil reputation, as many ships that entered the area disappeared and were never seen again. In truth, the ships were captured by a group called the Five. When Han Solo, Chewbacca and Leia Organa were captured by the Five, Chewbacca was able to free the captive Wutzek, who rampaged through the Five's warship to kill his former tormentors. Wutzek then allowed the Rebels to escape and destroyed the warship.
