Small (20cm. by 8 cm.) internal "cargo" area
Some additional tools and equipment

Move: 10
Size: 1.2 metres
Cost: 3,400

Description: Fiddler 10, also known as a Boiler Droid, was a type of hovering droid owned and operated by Tig Fromm and the Fromm Gang. They worked inside Tig Fromm's base as a maintenance crew. While infiltrating the base, C-3PO tried to pretend he was the maintenance crew but was caught when the actual droids showed up.[1] The droids were also present in the Fromm Gang prison.
