Description: Wrobie Tyce was a human female pilot serving the Resistance. The wife of fellow Resistance member Larma D'Acy, Tyce was formerly a courier pilot operating on Warlentta, but joined the Resistance alongside her wife. She flew in Cobalt Squadron, helping to defend Fabrin and the Nanth'ri Trade Route. Tyce was not present at the Resistance's retreat from D'Qar, in which the rest of her squadron was annihilated, and was later reassigned under the command of

Temmin Wexley.

In 35 ABY, Tyce flew her A-wing during the Battle of Exegol, the climactic engagement in the Resistance's war against the First Order. She survived the battle, and during the victory celebrations at the Resistance base on Ajan Kloss she embraced and kissed her wife D'Acy.
