

Creatures D6 / Dragon beast

Name: Dragon beast
Homeworld: Muunilinst

Dexterity: 3D
Perception: 2D
Strength: 1D

Move: 7
Orneriness: 2D

Description: Dragon beasts were six-legged scavenging lizards dwelling in the impoverished sections of the cities of Muunilinst. They were small, nearly as large as a Human foot, orange on color, and feeding on the piles of garbage piled on every corner of the cities, like Pilaan. During the Battle of Muunilinst, Captain Fordo shot at one in the streets of the city of Harnaidan and it scrambled off in terror.
