Magnifying Sniper Scope: The E-5s is fitted with a multi magnifying sniper scope which when used lowers all range penalties by one level.

Description: The BAW E-5s sniper rifle was a 4-shot rifle produced by Baktoid Armor Workshop and used by the Battle droid assassins of the Trade Federation and the Separatist Droid Army. When the rogue Geonosian Gizor Dellso reactivated an army, the sniper rifle was used by his battle droids.

Unlike its Republic counterpart, the DC-15x sniper rifle, the E-5s had additional magnification levels but suffered from a smaller magazine size.
