Description: Pintu Son-El was a male of a species who lived on Coruscant during the Clone Wars. He was a moneylender and would use rough tactics to get his payments back.

At one point during the Clone Wars, Pintu had lent money to Rafa Martez. The young woman had failed to pay back the sum on time however, so Pintu took two of his henchmen and headed to the mechanic shop of her sister, Trace Martez. Pintu demanded to know where his money was when he entered the shop. The surprised Trace tried to make excuses. Pintu saw through her bluff and

set his henchmen on her and a fight broke out. Trace was almost beaten senseless when Ahsoka Tano joined the fight and easily defeated the henchmen. Pintu was surprised and ran with his men out of the shop, while reminding Martez that her sister's debts were far from being paid. Rafa later paid off her debt to Son-El with credits she had gotten from the Twi'lek Lokann for building some binary loadlifter droids.
