Creatures D6 / Space Grazers

Name: Space Grazers
Type: Deep Space Lifeform

Dexterity: 3D
Perception: 2D
Strength: 4D

Special Abilities

Tentacles: Space Grazers have massive tentacles which they can grab and damage targets for Str+1D damage.

Massive Size: Space Grazers are large creatures, which count as Capital Scale for damage purposes, grabbing anything they want to attack with their tentacles..

Move: 5 (Space Speed)
Orneriness: 4D

Description: Space grazers were legendary massive space-dwelling lifeforms that were said to prey upon spaceships. They were believed to have gone extinct thousands of years prior to 4000 BBY.

During the Battle of Koros Major, Aleema Keto created a magical illusion of space grazers in order to demoralize the Galactic Republic fleet over Koros Major.
