Description: Jeratai was an Admiral of the Galactic Empire's Imperial Navy. Although considered brilliant, he had a reputation for recklessness, and enjoyed putting his men in danger to push for his own victory. Despite this, Jeratai himself was a coward who feared danger.

He was one of the funders of Carnor Jax's plan to sabotage Palpatine's clones. After the Emperor's death, Jeratai became a member of Jax's Interim Ruling Council. A staunch xenophobist, he was suspicious of the aliens on the council. Jeratai believed that the assassinations on the council were caused by an insider, most likely a nonhuman. Admiral Jeratai was imprisoned by Xandel Carivus when he disbanded the council to rule as Emperor.

Following Carivus' death, he was taken into New Republic custody.
