Points of interest

Gelid Dungeon

The Gelid Dungeon was a prison dungeon located on Ordo Eris, the asteroid stronghold of the Haxion Brood crime syndicate. The former Jedi Padawan Cal Kestis was held prisoner in the dungeon after he was captured by the Haxion Brood. Sorc Tormo, the syndicate's leader, allowed Kestis to escape and make his way to the Haxion Fight Pit in order to be forced into gladiatorial combat.

Haxion Fight Pit

The Haxion Fight Pit was a fighting arena located within Ordo Eris, the asteroid space station of the Haxion Brood criminal syndicate. Sorc Tormo, crime lord of the Haxion Brood, often enjoyed watching combat in the arena. After the former Jedi Padawan Cal Kestis was captured by a bounty hunter of the Haxion Brood due to the gambling debts of his associate Greez Dritus, Tormo had him fight various creatures in the arena. After Kestis defeated the bounty hunter who had captured him, he was rescued by Dritus in the Stinger Mantis.
