Equipment D6 / Beast Call

Name: Beast call
Type: Signalling Device
Scale: Character
Cost: 1,200
Availability: 2
Game Notes: Can be programmed to emit a signal which will attract various animals, can be configured with a successful Computer Programming test contested against the Beasts Orneriness. The device may then be activated with a simple press of a button, and is often used to lure animals by hunters, but also can be used to call riding beasts, or even dangerous predators which might attack anyone in the area.

Description: A Beast call was a basic small loud speaker used by hunters to call beasts.
