Description: Crimson Dawn was a criminal organization led by the former Sith Lord Maul, who employed the gangster Dryden Vos as the public face of the syndicate during the reign of the Galactic Empire. Crimson Dawn was based aboard Vos' yacht First Light. During its existence, Crimson Dawn quickly cemented a reputation for being ruthless. Qi'ra publicly served as Vos' top lieutenant, but later directly worked with Maul after killing Vos.

Crimson Dawn sent foot soldiers against Ochi of Bestoon and Darth Vader outside Bokku the Hutts palace in the outer rim. These soldiers claimed to be "impossibly strong" through numbers, and sent dozens of identical soldiers against the pair.
