EQUIPMENT
- CREDITS 500
  - Manta RamAir Mk IV Flat Twin Turbojet Podracer, Commlink, Datapad

FORCE SENSITIVE: N
FORCE POINTS 0
DARK SIDE POINTS 0
CHARACTER POINTS 2

Description: Aldar Beedo was a Glymphid male podracer from the planet Ploo II who participated in the Boonta Eve Classic podrace on the planet Tatooine in 32 BBY. Beedo flew a podracer with Mk IV Flat Twin Turbojet engines and began on the front row of the starting grid in the Mos Espa Grand Arena.

Throughout the first lap he moved up and down within the group of racers leading the race, but was overtaken by the Human pilot Anakin Skywalker in the second lap before dropping into the Ebe

Crater Valley. Ultimately, he finished in a respectable third place behind the racers Gasgano and Skywalker.

Biography
Hailing from the planet Ploo II, the Glymphid male Aldar Beedo had become a podracer by 32 BBY, when he was one of the participants in the Boonta Eve Classic podrace on the planet Tatooine. He was given the left-most position on the front row of the race's starting grid in the Mos Espa Grand Arena, but after the crime lord Jabba Desilijic Tiure signaled for the race to begin he was not initially in the lead pack of vehicles as they flew through the Mushroom Mesa.

After the Dug podracer Sebulba caused the racer Mawhonic to crash, Beedo moved up into fourth place behind fellow racers Elan Mak and Ratts Tyerell, with Sebulba in the lead as they entered the Notch. By the time they reached Arch Canyon, Beedo had moved up to third behind his opponent Teemto Pagalies and then Sebulba, although the Glymphid fell behind again before they entered the Laguna Caves, but was still following closely behind the Dug. Beedo sat in fifth place as the lead racers crossed the Hutt Flats before finishing the first lap.

In the second lap the Human podracer Anakin Skywalker overtook Beedo just before they dropped into the Ebe Crater Valley and by the third lap Skywalker and Sebulba were well out in front of the other racers competing for the lead. Ultimately Sebulba crashed and Skywalker claimed first place, with Beedo finishing in a respectable third place behind the Xexto pilot Gasgano despite the Glymphid's best efforts. Beedo finished with a time of 15.52:108 and averaged 845 kilometers per hour (528 miles per hour) during the race.

Personality and traits
Aldar Beedo was a long-snouted Glymphid who was devious and skilful. He had mottled green and yellow skin with some blue coloring on the skin around his orange eyes.

Equipment
Aldar Beedo flew a 22.5 meter (74.25 feet) long podracer, the longest vehicle participating in the Boonta Eve Classic. It used Manta RamAir Mk IV Flat Twin Turbojet engines with blue and red coloring. Beedo's flag consisted of a blue background with a green emblem in the middle and green corners on the upper left and lower right.
