Biography
Kral Grek was a Quarren male who was born on the planet Mon Cala around 56 BBY. In 22 BBY, Grek was on the planet Coruscant and was walking past the Outlander Club in the Uscru Entertainment District when the Jedi Knight Obi-Wan Kenobi landed his XJ-6 airspeeder nearby while chasing the bounty hunter Zam Wesell. The Jedi then jumped out and ran toward Grek in the direction of the club's entrance.

When Grek was 90 years old, his stolen identity profile was in the possession of the pirate Hondo Ohnaka, owner of Ohnaka Transport Solutions. In 34 ABY, Ohnaka made use of the profile while planning a heist during the First Order occupation of the planet Batuu. The pirate sent Grek's profile, along with several others, to the datapads of several potential crew members for the heist in Black Spire Outpost on Batuu and had them memorize details from the profiles. He then quizzed the potential Ohnaka Transport Solutions employees on details from the profiles in order to test whether they were able to remember the necessary details of a cover identity.
