Description: A Twi'lek male server worked at the Garsa's Sanctuary on the planet Tatooine for the

Twi'lek Madam Garsa Fwip. Around 9 ABY, when the crime lord Boba Fett and Fennec Shand visited the cantina, the Twi'lek server and a female colleague welcomed the pair and cleaned their helmets. He was present at the Sanctuary when the Hutt twins visited Mos Espa and later when the gladiator Krrsantan assaulted a group of Trandoshan gamblers. He perished within Garsa's Sanctuary when the Pyke Syndicate rigged a camtono to explode within the cantina.

Biography

Sometime around 9 ABY, the Twi'lek male server worked at Garsa's Sanctuary within Mos Espa on the planet Tatooine under his Twi'lek boss, Madam Garsa Fwip. When the crime lord Boba Fett and his partner, Master Assassin Fennec Shand, visited the cantina, the Twi'lek server and a Twi'lek female colleague welcomed the pair and offered to clean their helmets. While Shand initially refused, Fett accepted the offer and requested Shand's cleaned as well. The male took Shand's helmet while his female colleague took Fett's. When the crime lord and Fwip neared the end of their conversation, Fwip clapped to signal the male and female servers to return with the helmets. After Fwip thanked Fett for his visit and departed, the male returned Shand's helmet to her, and the female returned Fett's. As the servers left, Shand took notice that Fett's helmet had credits inside.

Later, when Fett and Shand returned to Garsa's Sanctuary to discuss an assassination attempt on the crime lord, the server was surveying the cantina during their discussion with Fwip. Later, when drumming announced the arrival of the litter of Jabba Desilijic Tiure's Hutt cousins, twin brother and sister, the male server was present at the Sanctuary and paused to look outside with the rest of the Sanctuary's patrons. The Twi'lek was also present in the Sanctuary when the Wookiee gladiator Krrsantan assaulted a group of gambling Trandoshans before ripping an arm off one of them and departing.

Bombing of the Sanctuary

One night as two Pyke Syndicate members entered the Sanctuary, the Twi'lek was present at the gambling table. When the Pykes took their seats, he approached the new patrons with his female colleague and offered to clean their helmets. The two Twi'leks departed with the patrons' refusal. The two returned to Fwip and his female colleague informed the Madam of the refusal. The three Twi'leks watched the Pykes leave the Sanctuary as a server droid informed the Pykes they forgot their camtono. The camtono exploded soon after, which killed the server and others within Garsa's Sanctuary.

Personality and traits

The Twi'lek male had green skin and brown eyes. He also had cone-shaped hearing organs, which were generally a characteristic of Twi'lek females.

Equipment

The Twi'lek server wore a black headwrap that covered the top of his head and the base of his lekku. He had a necklace with two triangular plates resting against his chest. He wore a brown band on his left forearm and bracelets on both wrists. He had brown pants with a white fabric wrapped on his waist and draped in front of his legs. A belt made of connecting circles was also on his waist. His boots were dark brown.
