Description: Pons Limbic, known by the nickname "Brainiac" given to him by the smuggler BoShek, was a male Force-attuned Siniteen who was present in Chalmun's Cantina when Luke Skywalker and Han Solo met for the first time. BoShek gave him that name because he could calculate

hyperspace jumps without any help from a navigation computer. He was sitting at a table with Arleil Schous, Bom Vimdin, and Braconnor Bakiska.
