Description: Nozzo Naytaan was a human male Rebel pilot and lieutenant who served in the Galactic Civil War. A member of Red Squadron, he flew in the Battle of Scarif with the callsign of Red Nine. Both from Corellia, Naytaan and Lieutenant Attico Wred, a fellow Rebel pilot who flew with Green Squadron as Green Four, had a friendly rivalry. Just days after the Battle of Scarif, Naytaan was killed during the Battle of Yavin.

During the Imperialization of the Corellian Engineering Corporation, Naytaan was a test pilot for the company. After learning that he would be assigned to test TIE fighters for the Galactic Empire, Naytaan fled and joined the Rebellion.

At some point prior to 0 BBY, Naytaan was scheduled Shift Cycle 2 of an X-wing flight patrol mission accompanying fellow pilots Cdt. Harb Binli (Red Seven) and Pedrin Gaul (Red Five). Their mission was to route from Yavin to Gordian Trace Relays, perform a flyby of surrounding space, then after verifying visual and sensor all clear, perform close uplink of passive relay recordings.
