Description: The Scythe was a transport used by the Galactic Empire's Inquisitorius during the Imperial Era. The Scythe traveled to Tatooine at one point, carrying The Grand Inquisitor, Third Sister, and Fifth Brother.

During the Third Sister's hunt for Jedi Master Obi-Wan Kenobi, the Scythe ferried her to the Fortress Inquisitorius, on the moon Nur, where she met with the Fourth Sister and Fifth Brother to discuss her plan to lead a hunt for Kenobi, approved by Darth Vader.
