Description: Reva was a force-sensitive human female who was a member of the Inquisitorius under the title of Third Sister, during the early reign of the Galactic Empire, and was briefly the Grand Inquisitor. Prior to the rise of Emperor Palpatine, Reva held the rank of Jedi Initiate during her time in the Jedi Order. Ambitious and reckless, the Third Sister quickly rose through the ranks of the Inquisitorious despite being ostracized and distrusted by the her peers. Though she willingly served the Empire and harried fugitive Jedi and other Force-sensitive individuals, Reva was driven by an ulterior motive. Haunted by the trauma from her past, the Third Sister sought to exact revenge on the Commander-in-Chief, Darth Vader, for his slaughter of the Jedi during Order 66, which had taken away the only family she had ever known.

Reva was only a Jedi youngling at the time of the Great Jedi Purge at the end of the Clone Wars. She and her fellow initiates were in the Jedi Temple on Coruscant at the time it was attacked by the Sith Lord Darth Vader and his 501st Legion, and she watched as her friends were slain. Though Reva was struck by Vader's lightsaber, she survived by playing dead. Years later, she resurfaced and joined the Inquisitorious of the Galactic Empire, both of which had the Dark Lord counted among its leaders. Because she knew that Vader had been the Jedi Anakin Skywalker before joining the Sith, Reva, christened as Third Sister, became obsessed with locating his former Jedi Master, the fugitive Obi-Wan Kenobi, as a means of exacting revenge by entering the Dark Lord's good graces and then stabbing him in the back. To lure her quarry out of hiding, the Third Sister arranged the kidnapping of Princess Leia Organa, the daughter of Senator Bail Organa, who she believed would turn to his old ally for help.

Though Reva came close to capturing Kenobi when he rescued Leia on Daiyu, the Third Sister was

prevented from doing so by the intervention of the Grand Inquisitor, who had had enough of her rashness. The Third Sister unexpectedly turned on the Grand Inquisitor and left him for dead but lost the Jedi Master and the Princess when they fled the planet. Having been notified of his old mentor's resurgence, the Dark Lord offered the Third Sister the opportunity to prove herself worthy of assuming the position of Grand Inquisitor at his side if she found the Jedi Master. Kenobi was tracked down to Mapuzo, where Reva discovered that he had help from a Jedi-ferrying network known as the Path, and took Leia hostage once again to root both Kenobi and his new allies out. With the Princess in captivity in the Fortress Inquisitorius on Nur, the Third Sister laid another trap for the Jedi Master when he and Path member Tala Durith infiltrated the base to rescue the young girl. Reva planted a tracking device onto Leia's droid and allowed Kenobi and Durith to escape with Leia so she could uncover the Path.

Impressed with her, Lord Vader awarded the Third Sister the rank of Grand Inquisitor, and had her oversee the attack on the Path's headquarters on Jabiim. There Third Sister confronted Kenobi, who realized what her true intentions were. The Jedi Master convinced her that they could defeat the Emperor's Fist together, giving her the chance to slay him with a seeming distraction provided by his and the Path's escape. The Third Sister made an attempt on the Dark Lord's life but was outmatched and left for dead by him and the much-alive Grand Inquisitor. While lying in the dirt, found a transmitter that belonged to Kenobi, which played a message from Bail Organa. Using information from that message, no longer an Inquisitor, a vengeance-hungry Reva traveled to Tatooine to kill Luke Skywalker, one of the offspring of the unaware Vader who had been under Kenobi's watch. As she prepared to kill him, however, she realized that she would become like the Dark Lord and decided to return the boy to his guardians. Reva was again met by Kenobi, and at his advice she looked to let go of her past and move on with her life, leaving her ultimate fate a mystery.

Personality and traits

The Third Sister was extremely violent, making use of threats and even dismemberments for lack of respect.

The Third Sister was highly ambitious. Thus, her mind was set on tracking down Jedi Master Obi-Wan Kenobi, with her fellow Inquisitors assuming she hoped his capture would gain her Lord Vader's favor and therefore improve her station. Her aspiration, however, put her at odds with the Grand Inquisitor and Fifth Brother, both of whom found her to be rash and unbalanced, in addition to looking down upon her as the "least of them." Reva was aware of Darth Vader's former persona of Anakin Skywalker due to his raid on the Temple. Her desire for revenge blinded her to the hypocrisy of her own actions; she wanted revenge on the Dark Lord for killing the Jedi she saw as her childhood family, only for that quest to lead her down a path where she was willing to kill children and families herself if it meant avenging her own.

In the end, despite having gone to kill Luke, Reva couldn't bring herself to do it, as she realized doing so would have made her just like the one who killed her family, and she dreaded becoming him. She chose mercy and tearfully returned Luke to his uncle and aunt, and was assured by Obi-Wan that she had found her way out of the darkness and could at last be free.

Powers and abilities

The Third Sister was skilled with her lightsaber, being able to cut off hands and stab people with it. Most notably, she was able to effectively block blasts from a T-47 airspeeder with her lightsaber. The Third Sister was also extremely agile as shown when she was jumping across the rooftops of Daiyu and when she evaded some of the strikes of her former master after betraying him. Unfortunately, her lightsaber skills ultimately proved futile when she faced Vader, who was able to

effortlessly evade each of her strikes despite Reva being very quick on her feet. The only strike that she landed on her duel against Vader was one that managed to knock the saber the Dark Lord was using out of his hands, though her adversary quickly recovered.

Reva also displayed the ability to use the Force, being able to lift and throw an explosive at an airspeeder that was trying to escape Fortress Inquisitorius. She was also able to Mind probe people and use the Force to collapse an antenna tower while chasing Kenobi. Despite this, the Third Sister was very defenseless against attacks from other Force-users, as she was easily kicked back by the Grand Inquisitor after he blocked her lightsaber strike with the Force, she was also prevented from sitting on a chair by the Fifth Brother and was almost Force choked by the Dark Lord, being easily immobilized on all three occasions.

Equipment

Before she became a Jedi hunter, she had possession of a droid. However, it was taken away from her, like many of her past belongings and acquaintances. During her time as an Inquisitor, the Third Sister wore black armor with a cape, and wielded a red-bladed Inquisitor lightsaber.
