Description: Ledick Firest was a human male cold-weather soldier who served as a colonel in the military of the Rebel Alliance. In the year 3 ABY, Firest was with the Rebel forces stationed at Echo Base on the planet Hoth when the Galactic Empire attacked. He was amongst the troops deployed into the trenches to hold off the Imperial forces while Echo Base was evacuated. After the T-47 airspeeders of Rogue Squadron managed to down one of the Empire's All Terrain Armored

Transport, Firest yelled to the troops around him to charge the vulnerable walker; however, the Imperial vehicle was then destroyed by the airspeeders in a fiery explosion.
